OF MEDICAL EXAMINERS**

STATE OF NEW JERSEY  
DEPARTMENT OF LAW & PUBLIC SAFETY  
DIVISION OF CONSUMER AFFAIRS  
BOARD OF MEDICAL EXAMINERS

IN THE MATTER OF THE LICENSE OF

GEORGE ROBERT SCHWARTZ, M.D.  
License No. MA26626

TO PRACTICE MEDICINE AND SURGERY  
IN THE STATE OF NEW JERSEY

Administrative Action

FINAL ORDER  
OF DISCIPLINE

This matter was opened to the New Jersey State Board of Medical Examiners upon receipt of information which the Board has reviewed and on which the following preliminary findings of fact and conclusions of law are made:

FINDINGS OF FACT

1. Respondent, George Robert Schwartz, M.D., License No. MA26626, is a physician licensed in the State of New Jersey and has been licensed at all times relevant hereto.

2. On or about March 31, 2006, the New Mexico Medical Board (New Mexico Board) issued its Findings of Fact, Conclusions of Law, Decision and Order (New Mexico Order) revoking Respondent's license to practice medicine in New Mexico. The New Mexico Board's action was based on findings that Respondent issued prescriptions for

controlled substances to numerous patients without maintaining adequate, accurate and complete medical records; he was unable to account for large quantities of controlled substances he obtained from pharmacies and manufacturing distributors; he engaged in injudicious prescribing, administering or dispensing of narcotics; he prescribed large quantities of Oxycontin for a patient when he was supposedly attempting to stop the patient's use of narcotics by prescribing Subutex; Respondent made false, fraudulent and deceptive statements to the New Mexico Board regarding the existence or non-existence of his patient medical records, writing of prescriptions and his treatment of patients; Respondent continued to prescribe Schedule II controlled substances after a hearing officer issued an order prohibiting him from prescribing Schedule II drugs, an intentional violation of the Order.

3. Thereafter, on or about May 16, 2006, the Division of Medical Quality for the Medical Board of California, (California Board) filed a Notice of out of State Suspension Order which automatically suspended Respondent's license in California based on his revocation of licensure in New Mexico. Then on or about June 6, 2006, the California Board filed an Accusation requesting that a hearing be held to permanently revoke or suspend Respondent's license based on Respondent's revocation of licensure in New Mexico.

## CONCLUSIONS OF LAW

1. The above disciplinary action taken by the sister states of New Mexico and California provide grounds to take disciplinary action against Respondent's license to practice medicine and surgery in New Jersey pursuant to N.J.S.A. 45:1-21(g), in that Respondent's license to practice medicine is revoked in another state.
  2. The above disciplinary action taken by the sister state of New Mexico provides grounds to take disciplinary action against Respondent's license to practice medicine and surgery in New Jersey pursuant to N.J.S.A. 45:1-21(b), in that there are findings that Respondent has engaged in the use of dishonesty, fraud, deception and misrepresentation.
  3. The above disciplinary action taken by the sister state of New Mexico provides grounds to take disciplinary action against Respondent's license to practice medicine and surgery in New Jersey pursuant to N.J.S.A. 45:1-21(e), in that there are findings that Respondent has engaged in professional misconduct.
  4. Respondent's failure to submit his biennial renewal in 1979 resulting in a lapsed license status provides grounds to automatically suspend Respondent's license to practice medicine and surgery in the State of New Jersey pursuant to N.J.S.A. 45:1-7.1(b).

## DISCUSSION

Based on the foregoing findings and conclusions, a Provisional Order of Discipline suspending Respondent's license to practice medicine and surgery in the State of New Jersey, until such time when Respondent can prove to the satisfaction of the Board that he has an active unrestricted license to practice medicine in New Mexico and California, was entered on October 19, 2006 and a copy was forwarded to Respondent's last known addresses at P.O. Box 1048, Venice, CA 90294 and P.O. Box 1968, Santa Fe, NM 87501 by regular mail. The Provisional Order sent to the California address was not returned by the Post Office as undeliverable. Likewise, the Provisional Order sent to the New Mexico address was also not returned by the Post Office as undeliverable. The Provisional Order of Discipline was subject to finalization by the Board at 5:00 p.m. on the 30<sup>th</sup> business day following entry unless Respondent requested a modification or dismissal of the stated Findings of Fact or Conclusions of Law by submitting a written request for modification or dismissal setting forth in writing any and all reasons why said findings and conclusions should be modified or dismissed and submitting any and all documents or other written evidence supporting Respondent's request for consideration and reasons thereof.

Although the record reflects that the Provisional Order was served upon Respondent at his last known addresses in California and New Mexico, no response has been received to date. Accordingly,

the Board considered the matter, determined that further proceedings were not necessary and that the Provisional Order should be made final.

ACCORDINGLY, IT IS on this 19th day of April, 2007,  
ORDERED THAT:

1. Respondent's license to practice medicine and surgery in the State of New Jersey is suspended until such time as Respondent can prove to the satisfaction of the Board that he has an active unrestricted license to practice medicine in New Mexico and California.

**DIRECTIVES APPLICABLE TO ANY MEDICAL BOARD LICENSEE  
WHO IS DISCIPLINED OR WHOSE SURRENDER OF LICENSURE  
HAS BEEN ACCEPTED**

**APPROVED BY THE BOARD ON MAY 10, 2000**

All licensees who are the subject of a disciplinary order of the Board are required to provide the information required on the Addendum to these Directives. The information provided will be maintained separately and will not be part of the public document filed with the Board. Failure to provide the information required may result in further disciplinary action for failing to cooperate with the Board, as required by N.J.A.C. 13:45C-1 et seq. Paragraphs 1 through 4 below shall apply when a license is suspended or revoked or permanently surrendered, with or without prejudice. Paragraph 5 applies to licensees who are the subject of an order which, while permitting continued practice, contains a probation or monitoring requirement.

**1. Document Return and Agency Notification**

The licensee shall promptly forward to the Board office at Post Office Box 183, 140 East Front Street, 2nd floor, Trenton, New Jersey 08625-0183, the original license, current biennial registration and, if applicable, the original CDS registration. In addition, if the licensee holds a Drug Enforcement Agency (DEA) registration, he or she shall promptly advise the DEA of the licensure action. (With respect to suspensions of a finite term, at the conclusion of the term, the licensee may contact the Board office for the return of the documents previously surrendered to the Board. In addition, at the conclusion of the term, the licensee should contact the DEA to advise of the resumption of practice and to ascertain the impact of that change upon his/her DEA registration.)

**2. Practice Cessation**

The licensee shall cease and desist from engaging in the practice of medicine in this State. This prohibition not only bars a licensee from rendering professional services, but also from providing an opinion as to professional practice or its application, or representing him/herself as being eligible to practice. (Although the licensee need not affirmatively advise patients or others of the revocation, suspension or surrender, the licensee must truthfully disclose his/her licensure status in response to inquiry.) The disciplined licensee is also prohibited from occupying, sharing or using office space in which another licensee provides health care services. The disciplined licensee may contract for, accept payment from another licensee for or rent at fair market value office premises and/or equipment. In no case may the disciplined licensee authorize, allow or condone the use of his/her provider number by any health care practice or any other licensee or health care provider. (In situations where the licensee has been suspended for less than one year, the licensee may accept payment from another professional who is using his/her office during the period that the licensee is suspended, for the payment of salaries for office staff employed at the time of the Board action.)

A licensee whose license has been revoked, suspended for one (1) year or more or permanently surrendered must remove signs and take affirmative action to stop advertisements by which his/her eligibility to practice is represented. The licensee must also take steps to remove his/her name from professional listings, telephone directories, professional stationery, or billings. If the licensee's name is utilized in a group practice title, it shall be deleted. Prescription pads bearing the licensee's name shall be destroyed. A destruction report form obtained from the Office of Drug Control (973-504-6558) must be filed. If no other licensee is providing services at the location, all medications must be removed and returned to the manufacturer, if possible, destroyed or safeguarded. (In situations where a license has been suspended for less than one year, prescription pads and medications need not be destroyed but must be secured in a locked place for safekeeping.)

### **3. Practice Income Prohibitions/Divestiture of Equity Interest in Professional Service Corporations and Limited Liability Companies**

A licensee shall not charge, receive or share in any fee for professional services rendered by him/herself or others while barred from engaging in the professional practice. The licensee may be compensated for the reasonable value of services lawfully rendered and disbursements incurred on a patient's behalf prior to the effective date of the Board action.

A licensee who is a shareholder in a professional service corporation organized to engage in the professional practice, whose license is revoked, surrendered or suspended for a term of one (1) year or more shall be deemed to be disqualified from the practice within the meaning of the Professional Service Corporation Act. (N.J.S.A. 14A:17-11). A disqualified licensee shall divest him/herself of all financial interest in the professional service corporation pursuant to N.J.S.A. 14A:17-13(c). A licensee who is a member of a limited liability company organized pursuant to N.J.S.A. 42:1-44, shall divest him/herself of all financial interest. Such divestiture shall occur within 90 days following the the entry of the Order rendering the licensee disqualified to participate in the applicable form of ownership. Upon divestiture, a licensee shall forward to the Board a copy of documentation forwarded to the Secretary of State, Commercial Reporting Division, demonstrating that the interest has been terminated. If the licensee is the sole shareholder in a professional service corporation, the corporation must be dissolved within 90 days of the licensee's disqualification.

### **4. Medical Records**

If, as a result of the Board's action, a practice is closed or transferred to another location, the licensee shall ensure that during the three (3) month period following the effective date of the disciplinary order, a message will be delivered to patients calling the former office premises, advising where records may be obtained. The message should inform patients of the names and telephone numbers of the licensee (or his/her attorney) assuming custody of the records. The same information shall also be disseminated by means of a notice to be published at least once per month for three (3) months in a newspaper of

general circulation in the geographic vicinity in which the practice was conducted. At the end of the three month period, the licensee shall file with the Board the name and telephone number of the contact person who will have access to medical records of former patients. Any change in that individual or his/her telephone number shall be promptly reported to the Board. When a patient or his/her representative requests a copy of his/her medical record or asks that record be forwarded to another health care provider, the licensee shall promptly provide the record without charge to the patient.

#### **5. Probation/Monitoring Conditions**

With respect to any licensee who is the subject of any Order imposing a probation or monitoring requirement or a stay of an active suspension, in whole or in part, which is conditioned upon compliance with a probation or monitoring requirement, the licensee shall fully cooperate with the Board and its designated representatives, including the Enforcement Bureau of the Division of Consumer Affairs, in ongoing monitoring of the licensee's status and practice. Such monitoring shall be at the expense of the disciplined practitioner.

(a) Monitoring of practice conditions may include, but is not limited to, inspection of the professional premises and equipment, and inspection and copying of patient records (confidentiality of patient identity shall be protected by the Board) to verify compliance with the Board Order and accepted standards of practice.

(b) Monitoring of status conditions for an impaired practitioner may include, but is not limited to, practitioner cooperation in providing releases permitting unrestricted access to records and other information to the extent permitted by law from any treatment facility, other treating practitioner, support group or other individual/facility involved in the education, treatment, monitoring or oversight of the practitioner, or maintained by a rehabilitation program for impaired practitioners. If bodily substance monitoring has been ordered, the practitioner shall fully cooperate by responding to a demand for breath, blood, urine or other sample in a timely manner and providing the designated sample.
