Dear Dr. Zackrison:

This letter is official notification of the decision of the Special Conference Committee ("Committee") of the Virginia Board of Medicine ("Board"), which met with you on October 4, 2005, in Fredericksburg, Virginia. Members of the Board serving on the Committee were: Karen A. Ransone, M.D., Chair; John H. Armstrong, M.D.; and Patrick W. Clougherty, M.D.

After thorough review of the matters before it, the Committee has determined that, while the care you rendered to Patients A, B and C was not optimal, a violation of the Board's statutes or regulations was not established by clear and convincing evidence. Therefore, this matter is dismissed.

Pursuant to Section 54.1-2400.2(F) of the Code, this case decision shall remain in the custody of the Department of Health Professions as a public record, and shall be made available for public inspection and copying upon request.

Should you have any questions regarding the Committee's decision, you may refer them to Karen Perrine, Deputy Executive Director, Discipline, at (804) 662-7009.

Sincerely,

William L. Harp, M.D.
Executive Director
Virginia Board of Medicine
