## Institutional Membership: *[Redacted] University*

Dear [Redacted],

We would like to invite the *[Redacted] University* to join the MDPI institutional membership scheme. We propose the following membership for your institution:

- Term: one year as of 1 October 2014 until 30 September 2015.
- The membership fee for the first year is CHF 0.
- All articles published by primary authors of the *[Redacted] University* with MDPI receive a 10% discount on the article processing charge during the term.
- The APC is invoiced to the primary author after acceptance of an article for publication and vary between CHF 300 and CHF 1800 per article. Certain journals are free to publish in at the moment (see also: <http://www.mdpi.com/about/apc>). The average invoice for publishing with MDPI is currently around CHF 950.

MDPI will continue to invoice the author(s) directly. On request of the institute, the article processing charges may also be invoiced centrally to the institute, or split between the author and the institute. We can enable an automated notification to an e-mail address of your choice for every paper that is submitted to an MDPI journal from an author who selects the *[Redacted] University* upon submission.

Thank you for your support.

Best regards,

A handwritten signature in black ink, appearing to read 'A. Freeland', written in a cursive style.
