Sujet: Call for Papers: Special Issue "Symmetry Breaking" - Symmetry (ISSN 2073-8994)

Date: Fri, 22 Mar 2013 14:52:00 +0100 (CET)

Dear Dr. [Redacted],

The following Special Issue will be published in Symmetry (<http://www.mdpi.com/journal/symmetry/>, ISSN 2073-8994), and is open to receive submissions of comprehensive review articles or full research papers for peer-review and possible publication:

Special Issue: Symmetry Breaking Website:

[http://www.mdpi.com/si/symmetry/symmetry\\_breaking/](http://www.mdpi.com/si/symmetry/symmetry_breaking/)

Guest Editor: Prof. Dr. Antonio Palacios Deadline for manuscript submissions: 31 August 2013

You may send your manuscript now or up until the deadline. Submitted papers should not have been published previously, nor be under consideration for publication elsewhere. We also encourage authors to send us their tentative title and short abstract by e-mail for approval to the Editorial Office at: [symmetry@mdpi.com](mailto:symmetry@mdpi.com).

This Special Issue will be fully open access. Open access (unlimited and free access by readers) increases publicity and promotes more frequent citations as indicated by several studies. Open access is supported by the authors and their institutes. More information is available at <http://www.mdpi.com/about/openaccess/>.

The Article Processing Charges (APC) are 500 CHF for well prepared manuscripts. In addition, a fee of 250 CHF may apply if English editing or extensive revisions must be undertaken by the Editorial Office.

For details see: <http://www.mdpi.com/about/apc/>.

Please visit the Instructions for Authors before submitting a manuscript:

<http://www.mdpi.com/journal/symmetry/instructions/>.

Manuscripts should be submitted through the online manuscript submission and editorial system at <http://www.mdpi.com/user/manuscripts/upload/>.

Symmetry (ISSN 2073-8994) is an open access journal providing an advanced forum for studies of symmetry in the scientific disciplines of physics, chemistry, biology, mathematics, theory and methods of computer science, and other scientific disciplines and engineering. Symmetry is published by MDPI online quarterly. Symmetry is abstracted and indexed by Chemical Abstracts, DBLP, and Zentralblatt Math.

MDPI publishes several peer-reviewed, open access journals listed at <http://www.mdpi.com/>. The Editorial Board members, including several Nobel Laureates (<http://www.mdpi.com/about/nobelists/>), are all leading active scholars. All MDPI journals maintain rapid, yet rigorous, peer-review, manuscript handling and editorial processes. MDPI journals have increased their impact factors, see "2011 Newly Released Impact Factors", <http://www.mdpi.com/about/announcements/235/>.

In case of questions, please contact the Editorial Office at: [symmetry@mdpi.com](mailto:symmetry@mdpi.com)

We are looking forward to hearing from you.

Kind regards,  
Wanda Gruetter

On behalf of the Guest Editor
